

Year 2
Activities for the week
beginning 30th March 2020

I hope that you are all keeping well. Remember to keep working at home but also take time to look after yourselves. Miss Michelle and I will be sending out some suggestions for activities that you can all be doing at home. Remember to use all of the learning which you have done so far this year when you are completing these tasks. I cannot wait to see all of your work!

Best wishes,

Miss Williams and Miss Michelle

English activities: Choose a book to read to a parent/carer at home. Do not forget that *oxford owl* has eBooks on their website.

Easy: Create a character description. Think about the character's personality and how they look.

Medium: Write a book review using the template in your home learning pack

Hard: Write a sequel to the story which you have just read. Think about what could really happen next.

Maths activities: This week we will begin looking at measurements (money).

Easy: Create a shop, with objects costing below £1 and role play buying products, adding the objects together.

Medium: Create a shop, with objects costing up to £2 and role play buying products, adding the objects together.

Hard: Create word problems, adding amounts together. For example, James bought a pack of crisps which cost £1.20. He then bought a pear costing 15p. How much did they cost altogether?

Time for fun!

Write a poem on the theme of 'Spring' and then perform it. You can use instruments (perhaps use objects at home to make some if you do not have any), use body percussion or play music whilst performing it.
