

## Year 3

# Activities for the week beginning 20<sup>th</sup> April 2020

Hello again Year 3,

I hope you and your families had a relaxing Easter break and that you all enjoyed the activities. Summer one is officially upon us and we continue our home learning journey with some new and exciting tasks. Have a great week everyone and keep those lights shining.

Mr Síme & Mr Benjamin

English activities: Put your inverted commas knowledge to the test! Do you remember the rules for direct speech? Watch the video in this link and remind yourselves then complete the challenges.

<https://www.bbc.co.uk/bitesize/topics/zvwxnb/articles/ztcp97h>

Easy: Highlight the words task.

Medium: Inverted commas quiz.

Hard: Write speech sentences based on the image.

Maths activities: Remember that fractions are equal parts of a whole. For example, we can have one half of a whole and one quarter. Which is the bigger amount? It is the half.

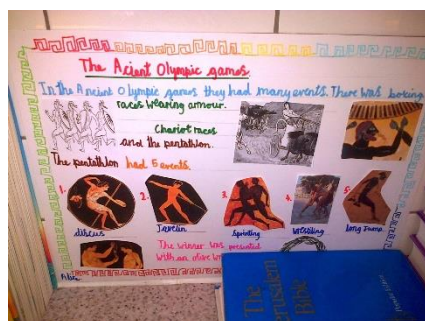

Some fractions are the same e.g one half and two quarters are the same amount! We call these equivalent fractions. Equivalent sounds a bit like 'equal'. It means 'the same'.

Easy - Complete questions 1 - 2

Medium - Complete questions 1 - 4

Hard - Complete whole set!

**P**olitics, science, athletics, theatre! Just a handful of things that came from one of the most well-known civilisations in history - the Ancient Greeks.

Your curriculum homework this week is to research the Ancient Greeks, just like with creative homework and present your findings as a poster or PowerPoint to show your family.

Website suggestions: DK Findout, BBC bitesize.

*We believe that everyone is precious and loved by God. We aspire to let our light shine in all that we do.*

*We nurture and empower one another to flourish.*

*Together we shine in our world by showing compassion and by serving others.*

*Let God's light shine through us.*
