

Year 6 Easter Break 2020

It's an exciting week for St. Mary's e-learning! It's Easter! This makes it a great opportunity to reflect on our school vision! I hope you all remember some of our exciting learning about the Beatitudes! Any creative work that children complete during their home learning, please try to post it on our school Twitter Page @StMarysN1 . However, try to avoid showing children's faces when posting on the page.

Activity: *Our School Vision*

*We believe that everyone is precious and loved by God. We aspire to let our light shine in all that we do.
We nurture and empower one another to flourish.
Together we shine in our world by showing compassion and by serving others.
Let God's light shine through us.*

Our school vision, we have learned, is closely connected to the Beatitudes and is a lot like guidance for how we can live our lives.

Create a poster with our school vision clearly written in it, when you decorate it, I would like you to draw (you can use annotations as well) an image of how our school vision shows us to live our lives.

Your poster could be made on paper or digitally. If you would like to make your poster digitally, here are some awesome formats:

- Scratch
- Microsoft Word
- Fotor
- pixilart.

Activity: *Easter creativity*

In celebration of Easter I have a really interesting creative activity for you to try out.

I would like you to make an **Easter Themed Board Game**.

Perhaps you would like to create a board game based on the Easter Story in the Bible or perhaps you could use the theme of Spring and Easter as an example of your board game.

A good board game will include the following: Rules, Cards and/or a board, game pieces.

A good board game will also be very different from other things that exist out there! Some of the best board games do not even have a board or dice! Here are some images of spring-like board games:
